Located in the much sought-after suburb of Lorn, surrounded by beautiful heritage and contemporary homes, this free-standing villa with complete street frontage is easy to fall in love with. With the sprawling greenery and parklands of the suburb, you're out of the hustle and bustle of the city while being only a short stroll to amazing cafes and restaurants as well as Maitland CBD and river, boutique shopping and emerging art galleries.

Differentiated from other villas in the complex, no. 2 features a double front facade which sets the scene for the generous free flowing internal layout and zoned yard. Thoughtfully renovated to a high standard, this comfortable home has the ideal balance of open plan living while incorporating cosy spaces inside and out.

Overlooking the garden, the sun-drenched living domain radiates relaxed style. Awash with natural light, the open plan kitchen, living and dining areas feature beautiful, engineered oak flooring that is both practical and stylish. Hunkering down on Maitland's winters days is a delight here where a flame-look electric fire sets the mood.

The main bedroom is spacious and calm - a restful domain with the perfect mix of comfort and practicality. A custom shelf has been created under the leadlight window giving the room a

bespoke feel. It provides the perfect spot for some indoor greenery to catch the light or for you to rest your book when you just can't keep your eyes open a second longer.

The bathroom has a high-end spa feel thanks to the stunning Moroccan floor tiles, floating vanity, mirrored cabinetry and heritage tapware. There is much to desire here.

A particularly clever touch to the villa is the original laundry footprint being reimagined into a study or zoom room perfect for those looking for somewhere separate to work from home or a space to undertake a favourite hobby.

The backyard design has delivered in spades creating an atmospheric garden that compliments the home and provides a great space for casual entertaining. From the topiary plantings to the compacted gravel and open lawn spaces, this gem of a garden is filled with visual and tactile delights. Tucked away in the corner of the garden is the beloved potager or kitchen garden which produces everything from strawberries and parsley to creeping peas and thyme.

The villa's brick construction helps regulate the temperature, and there is air conditioning, a wood-look fire place and ceiling fans to keep temperatures even and ensure year round comfort.

Location and style, this is easy care living at its finest.
